Cambridge University Press. Paperback. Book Condition: New. Paperback. 416 pages. Dimensions: 9.2in. x 6.0in. x 1.2in. On April 12, 1945, Franklin Roosevelt died and Harry Truman took his place in the White House. Historians have been arguing ever since about the implications of this transition for American foreign policy in general and relations with the Soviet Union in particular. Was there essential continuity in policy or did Trumans arrival in the Oval Office prompt a sharp reversal away from the approach of his illustrious predecessor This study explores this controversial issue and in the process casts important light on the outbreak of the Cold War. From Roosevelt to Truman investigates Trumans foreign policy background and examines the legacy that FDR bequeathed to him. After Potsdam and the American use of the atomic bomb, both which occurred under Trumans presidency, the U. S. floundered between collaboration and confrontation with the Soviets, which represents a turning point in the transformation of American foreign policy. This work reveals that the real departure in American policy came only after the Truman administration had exhausted the legitimate possibilities of the Rooseveltian approach of collaboration with the Soviet Union. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
